

DOOA, an inspiring brand, helps you enjoy aquatic plants more freely. Minimal and easy, and designed as a platform allowing everyone to nurture plants indoors. Feel closer to nature, and bring beauty into your life.

MAGNET LIGHT STAND

Instruction Manual

English

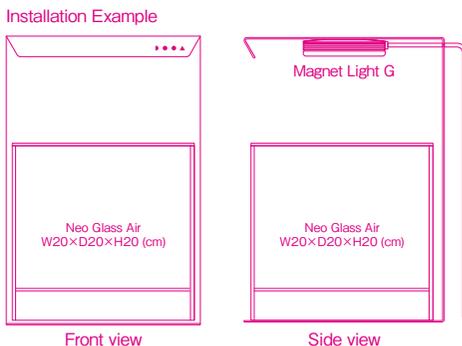

Safety Instructions

*Please read carefully.

- Install Magnet Light Stand on a level surface according to this manual.
- Make sure that there is no foreign material such as gravels and sands between Magnet Light Stand and an aquarium tank.
If any foreign material is caught, there is a risk that the aquarium tank may crack.
- To prevent an aquarium tank from falling down, keep out of reach of children.
- Do not use this product outdoors because it may cause corrosion and rust, and the durability may be reduced.
- Cannot be used for marine aquariums.
- Do not alter this product and use it forcibly in unreasonable ways.
- AQUARIUM USE ONLY

Installation method

- Make sure to install Magnet Light Stand on a stable surface. Do not install this product on unstable places.
- Install this product as shown in the illustration on the right. Place a Neo Glass Air tank on the stand. Then put the power supply cord of the Magnet Light G through the hole located on the back of the stand and install the light. (Neo Glass Air and Magnet Light G are not included in this product.)

Magnet Light Stand Compatible Tank Size

- Magnet Light Stand 20L: Neo Glass Air W20×D20×H20 (cm), Glass Pot SHIZUKU
- Magnet Light Stand 20H: Neo Glass Air W20×D20×H30 (cm), W20×D20×H35 (cm)

IMPORTANT

- This Product cannot be installed in below places:
 - Places often having vibration.
 - Places in direct sunlight, or having extremely high or low levels of humidity, or outside.
 - Places with extreme temperature changes such as near an air conditioner or heater.
 - Near home electric products (there is a risk for receiving an electrical shock in case aquarium water spills on them).
- When Magnet Light Stand is wet with water, immediately wipe it off with a dry towel. And when wiping off dirt, do not use any detergent to avoid the paint to come off, but gently wipe off with a dry towel or a damp towel after wringing it out.
