

DOOA, an inspiring brand, helps you enjoy aquatic plants more freely. Minimal and easy, and designed as a platform allowing everyone to nurture plants indoors. Feel closer to nature, and bring beauty into your life.

MAGNET LIGHT MOUNTING ARM (FOR WOOD BASE)

Instruction Manual

English

Safety Instructions

*Please read carefully.

- Do not use this product outdoors because it may cause corrosion and rust, and the durability may be reduced.
- Cannot be used for marine aquariums.
- Do not alter this product and use it forcibly in unreasonable ways.
- AQUARIUM USE ONLY

Operating Instructions

- Magnet Light Mounting Arm is specifically designed to install Magnet Light G on Wood Base SHIZUKU. (Magnet Light G and Wood Base SHIZUKU are not included in this product.)
- Fix this product onto the Wood Base SHIZUKU using provided wood screws. Wood Base SHIZUKU has a flat surface area of 4cm on its rear side (Fig. 1).
- Make pre-drilled holes at the mounting position with a drill for easier installation. Use the provided cord sticker to secure the power supply cord of Magnet Light G in place if necessary.
- The built-in magnet of Magnet Light G sticks to the Mounting Arm. Put the power supply cord through the cord hole of the Mounting Arm before installation.

IMPORTANT

- This Product cannot be installed in below places:
 - Places often having vibration.
 - Places in direct sunlight, or having extremely high or low levels of humidity, or outside.
 - Places with extreme temperature changes such as near an air conditioner or heater.
 - Near home electric products (there is a risk of receiving an electrical shock in case aquarium water spills on them).
- When Magnet Light Mounting Arm is wet with water, immediately wipe it off with a dry towel. And when wiping off dirt, do not use any detergent to avoid the paint to come off, but gently wipe off with a dry towel or a damp towel after wringing it out.
